Dear Mo:

I wish to express my gratitude to you and your staff for the presentation made to me on September 30, 2004 at the Newark Club. In the coarse of my life I have received many awards, however this was the first time I have ever received a "lifetime achievement award". I cannot express how honored I felt to receive such an honor.

This is truly a high point in my life to be able to work with each one of your staff members. I felt so proud when you honored me by referring to me as Uncle Frank. Each one of you have a very special place in my heart. I remember you all in my prayers. God bless you. Each and every one of you are very special people.

Sincerely,

Frank Hutchins  
Director
